APOLLO ALU

Designed by Fred Doughty

Introducing Apollo, an oversized aluminium collection crafted for grand American scales and comfort. Born out of lengthy discussions and Fred Doughty's breathtaking hand-drawn renderings, Apollo embodies the perfect fusion of classic American design, exceptional comfort, and Quality Works' cutting-edge technical expertise.

Striking yet inviting, Apollo's audacious proportions and meticulous detailing create a statement piece that doesn't compromise on comfort. Thanks to its ingenious construction, this grand design can be easily dismantled and shipped in compact packaging, combining bold aesthetics with practical innovations.

COPENHAGEN

Designed by Christian Skrydstrup Nørgaard

A redevelopment of a Christian Nørgaard design from the early 1970s, we've meticulously reimagined this classic as a breathtaking outdoor lounge collection.

Celebrating the fluid lines and distinctive side profile of the era, we've paired it with our signature Danish cord, crafting a piece that is as visually striking as it is luxuriously comfortable.

Experience the perfect blend of mid-century charm and contemporary craftsmanship, designed to elevate any outdoor living space.

KRONA

Designed by Dick Björk

By popular demand, we set out to craft a collection that seamlessly blends the warmth of teak with the artistry of wicker: Introducing Krona. Designed by Dick Björk, Krona embodies timeless elegance while embracing sustainability and practicality.

Every piece in the Krona collection is thoughtfully engineered to ship disassembled, reducing its environmental footprint and making delivery effortless. But what truly sets Krona apart is its consumer-replaceable design: Each component can be easily swapped out if damaged, ensuring longevity and minimizing waste.

The innovation does not stop there. Krona features integrated QuickDry foam woven directly into the seat and backrest, delivering exceptional cushioned comfort without the hassle of traditional cushions. The result? A collection that is as effortless to maintain as it is beautiful to behold.

COLLAR

Designed by Klaus Nolting

Led by Klaus Nolting, ON3D created Collar: an organic, luxurious, and supremely comfortable dining and lounge collection. This distinctive design harmoniously blends elegantly curved aluminium rods with a precision-fitted cushion, secured by a signature "collar" detail.

The embracing silhouette of each chair envelops you in plush comfort, creating a sensation of being gently cradled by its soft, supportive cushioning. Timeless elegance meets unparalleled comfort. Experience Collar, where form and function unite in perfect balance.

KORINTH

Designed by Povl Eskildsen

We challenged visionary designer Povl Eskildsen to craft a collection of tables that embrace the organic beauty of nature while pushing the boundaries of conventional design. Drawing inspiration from the timeless elegance of ancient Corinthian columns of the Mediterranean, Povl reimagined the modern table. Introducing Korinth, a breathtaking collection of tables that transforms simple building blocks into extraordinary, sculptural forms.

With a diverse range of shapes and sizes, Korinth offers unparalleled versatility. Each piece can be customized with either a sleek slatted teak or seven different refined ceramic tabletops. The base can be powder coated in a wide range of different finishes, allowing you to tailor the design to your space and style.

The innovative column-style base eliminates obstructions, giving you the freedom to arrange seating effortlessly - no table legs in the way, just pure, unobstructed style.

Korinth isn't just a table collection, it's a statement. A fusion of ancient inspiration and modern craftsmanship.

IKAT

Designed by Dick Björk

In partnership with designer Dick Björk, we embarked on a mission to create a collection of outdoor accessories that would seamlessly complement our collections made with marine grade rope, while increasing the volume of work we can offer the skilled weaving artisans from the communities surrounding our factory in Indonesia.

The result is Ikat, a stunning privacy screen and a range of planters that beautifully blend the timeless warmth of teak with the artisan charm of handwoven rope.

Each piece is a testament to craftsmanship, sustainability, and bespoke design, bringing a touch of organic elegance to any outdoor space.
